DE – Sicherheitshinweise

• Lesen und befolgen Sie vor Montage und Nutzung die vollständige Montageanleitung und bewahren Sie diese auf. Führen Sie die Montage mit mindestens zwei Personen, geeignetem Werkzeug und Schutzhandschuhen durch; Blechteile und Kanten können scharf sein. • Stellen Sie das Gerätehaus nur auf einem ebenen, tragfähigen Fundament auf und verankern Sie den Bodenrahmen dauerhaft gemäß Montageanleitung. Montieren Sie nicht bei starkem Wind und sichern Sie lose Bauteile gegen Umkippen oder Wegwehen. • Ziehen Sie alle Schraubverbindungen vollständig fest. Kontrollieren Sie regelmäßig sowie nach Sturm oder starkem Schneefall Verankerungen, Schrauben, Dach, Wände, Türen und Standsicherheit. Verwenden Sie das Gerätehaus bei losen, verformten, beschädigten oder korrodierten Teilen erst nach deren Instandsetzung oder Austausch weiter. • Öffnen und schließen Sie die Türen langsam und kontrolliert; halten Sie sie bei Wind geschlossen und sichern Sie sie gegen unbeabsichtigte Bewegung. • Betreten oder besteigen Sie Dach und Wände nicht. Entfernen Sie Schnee, Eis und Laub rechtzeitig, ohne das Dach zu betreten, und halten Sie die Lüftungsöffnungen frei. • Entsorgen Sie Produkt und Verpackung am Ende der Nutzung getrennt nach Materialien und gemäß den örtlichen Vorschriften.

EN – Safety Instructions

• Read and follow the complete assembly instructions before assembly and use and retain them for future reference. Assembly must be carried out by at least two people using suitable tools and protective gloves; sheet-metal parts and edges may be sharp. • Install the shed only on a level, load-bearing foundation and permanently anchor the base frame in accordance with the assembly instructions. Do not assemble in strong winds and secure loose components against tipping or being blown away. • Fully tighten all screw connections. Regularly, and after storms or heavy snowfall, inspect the anchors, screws, roof, walls, doors and overall stability. Do not continue using the shed until loose, deformed, damaged or corroded parts have been repaired or replaced. • Open and close the doors slowly and in a controlled manner; keep them closed in windy conditions and secure them against unintended movement. • Do not step or climb on the roof or walls. Remove snow, ice and leaves promptly without stepping onto the roof and keep ventilation openings clear. • At the end of use, dispose of the product and packaging separately by material and in accordance with local regulations.

PL – Instrukcje bezpieczeństwa

• Przed montażem i użytkowaniem należy przeczytać całą instrukcję montażu, przestrzegać jej i zachować ją do późniejszego wykorzystania. Montaż powinny wykonywać co najmniej dwie osoby przy użyciu odpowiednich narzędzi i rękawic ochronnych; elementy z blachy i krawędzie mogą być ostre. • Domek należy ustawić wyłącznie na równym, nośnym fundamencie i trwale zakotwić ramę podstawy zgodnie z instrukcją montażu. Nie montować przy silnym wietrze, a luźne elementy zabezpieczyć przed przewróceniem lub porwaniem przez wiatr. • Wszystkie połączenia śrubowe należy dokładnie dokręcić. Regularnie oraz po burzy lub intensywnych opadach śniegu kontrolować zakotwienia, śruby, dach, ściany, drzwi i stabilność. Nie użytkować domku do czasu naprawy lub wymiany luźnych, odkształconych, uszkodzonych bądź skorodowanych części. • Drzwi otwierać i zamykać powoli oraz w sposób kontrolowany; podczas wiatru trzymać je zamknięte i zabezpieczyć przed samoczynnym ruchem. • Nie wchodzić ani nie wspinać się na dach lub ściany. Śnieg, lód i liście usuwać odpowiednio wcześniej bez wchodzenia na dach; nie zasłaniać otworów wentylacyjnych. • Po zakończeniu użytkowania produkt i opakowanie zutylizować oddzielnie według rodzaju materiału, zgodnie z lokalnymi przepisami.

SK – Bezpečnostné pokyny

• Pred montážou a používaním si prečítajte celý montážny návod, dodržiavajte ho a uschovajte ho. Montáž musia vykonávať najmenej dve osoby s vhodným náradím a ochrannými rukavicami; plechové diely a hrany môžu byť ostré. • Domček postavte iba na rovný, nosný základ a spodný rám trvalo ukotvite podľa montážneho návodu. Nemontujte ho pri silnom vetre a voľné diely zaistite proti prevráteniu alebo odfúknutiu. • Všetky skrutkové spoje úplne dotiahnite. Pravidelne a po búrke alebo silnom snežení kontrolujte kotvenie, skrutky, strechu, steny, dvere a stabilitu. Domček nepoužívajte, kým nebudú uvoľnené, deformované, poškodené alebo skorodované diely opravené či vymenené. • Dvere otvárajte a zatvárajte pomaly a kontrolované; pri vetre ich nechajte zatvorené a zaistite proti nechcenému pohybu. • Na strechu ani steny nestúpajte a nelezte. Sneh, ľad a lístie včas odstráňte bez vstupu na strechu a vetracie otvory udržiavajte voľné. • Po skončení používania výrobok a obal zlikvidujte oddelene podľa materiálov a v súlade s miestnymi predpismi.

CZ – Bezpečnostní pokyny

• Před montáží a používáním si přečtěte celý montážní návod, dodržujte jej a uschovejte jej. Montáž musí provádět nejméně dvě osoby s vhodným nářadím a ochrannými rukavicemi; plechové díly a hrany mohou být ostré. • Domek postavte pouze na rovný, únosný základ a spodní rám trvale ukotvěte podle montážního

návodu. Nemontujte jej za silného větru a volné díly zajistěte proti převrácení nebo odfouknutí. • Všechny šroubové spoje zcela dotáhněte. Pravidelně a po bouřce nebo silném sněžení kontrolujte ukotvení, šrouby, střechu, stěny, dveře a stabilitu. Domek nepoužívejte, dokud nebudou uvolněné, deformované, poškozené nebo zkorodované díly opraveny či vyměněny. • Dveře otevírejte a zavírejte pomalu a kontrolovaně; za větru je udržujte zavřené a zajistěte proti nechtěnému pohybu. • Na střechu ani stěny nestoupejte a nelezte. Sníh, led a listí včas odstraňujte bez vstupu na střechu a větrací otvory udržujte volné. • Po skončení používání výrobek a obal zlikvidujte odděleně podle materiálů a v souladu s místními předpisy.

NL – Veiligheidsinstructies

- Lees vóór montage en gebruik de volledige montagehandleiding, volg deze op en bewaar deze. Laat de montage door minimaal twee personen uitvoeren met geschikt gereedschap en beschermende handschoenen; plaatdelen en randen kunnen scherp zijn.
- Plaats het tuinhuis uitsluitend op een vlakke, draagkrachtige fundering en veranker het basisframe permanent volgens de montagehandleiding. Monteer het niet bij harde wind en beveilig losse onderdelen tegen omvallen of wegwaaien.
- Draai alle schroefverbindingen volledig vast. Controleer regelmatig en na storm of zware sneeuwval de verankeringen, schroeven, het dak, de wanden, de deuren en de stabiliteit. Gebruik het tuinhuis pas weer nadat losse, vervormde, beschadigde of gecorrodeerde onderdelen zijn gerepareerd of vervangen.
- Open en sluit de deuren langzaam en gecontroleerd; houd ze bij wind gesloten en beveilig ze tegen onbedoelde beweging.
- Betreed of beklim het dak en de wanden niet. Verwijder sneeuw, ijs en bladeren tijdig zonder het dak te betreden en houd de ventilatieopeningen vrij.
- Voer het product en de verpakking na gebruik gescheiden per materiaalsoort af volgens de plaatselijke voorschriften.

FR – Consignes de sécurité

- Avant le montage et l'utilisation, lisez intégralement la notice de montage, respectez-la et conservez-la. Le montage doit être effectué par au moins deux personnes avec des outils adaptés et des gants de protection ; les pièces en tôle et les arêtes peuvent être coupantes.
- Installez l'abri uniquement sur une fondation plane et porteuse et ancrez durablement le cadre de base conformément à la notice de montage. Ne procédez pas au montage par vent fort et sécurisez les éléments non fixés contre le basculement ou l'envol.
- Serrez complètement tous les assemblages vissés. Contrôlez régulièrement, ainsi qu'après une tempête ou de fortes chutes de neige, les ancrages, les vis, le toit, les parois, les portes et la stabilité. N'utilisez de nouveau l'abri qu'après la réparation ou le remplacement des pièces desserrées, déformées, endommagées ou corrodées.
- Ouvrez et fermez les portes lentement et de manière contrôlée ; par vent, maintenez-les fermées et bloquez-les contre tout mouvement involontaire.
- Ne montez pas et ne grimpez pas sur le toit ou les parois. Retirez à temps la neige, la glace et les feuilles sans monter sur le toit et maintenez les ouvertures d'aération dégagées.
- En fin d'utilisation, éliminez le produit et l'emballage séparément selon les matériaux et conformément aux réglementations locales.

IT – Istruzioni di sicurezza

- Prima del montaggio e dell'uso leggere integralmente le istruzioni di montaggio, rispettarle e conservarle. Il montaggio deve essere eseguito da almeno due persone con utensili idonei e guanti protettivi; le parti in lamiera e i bordi possono essere taglienti.
- Installare la casetta esclusivamente su una fondazione piana e portante e ancorare permanentemente il telaio di base secondo le istruzioni di montaggio. Non eseguire il montaggio in presenza di vento forte e assicurare i componenti non fissati contro il ribaltamento o il sollevamento causato dal vento.
- Serrare completamente tutti i collegamenti a vite. Controllare regolarmente, nonché dopo temporali o forti nevicate, gli ancoraggi, le viti, il tetto, le pareti, le porte e la stabilità. Non utilizzare nuovamente la casetta finché le parti allentate, deformate, danneggiate o corrose non siano state riparate o sostituite.
- Aprire e chiudere le porte lentamente e in modo controllato; in presenza di vento tenerle chiuse e bloccarle contro movimenti involontari.
- Non salire né arrampicarsi sul tetto o sulle pareti. Rimuovere tempestivamente neve, ghiaccio e foglie senza salire sul tetto e mantenere libere le aperture di ventilazione.
- Al termine dell'utilizzo, smaltire il prodotto e l'imballaggio separatamente in base ai materiali e secondo le disposizioni locali.

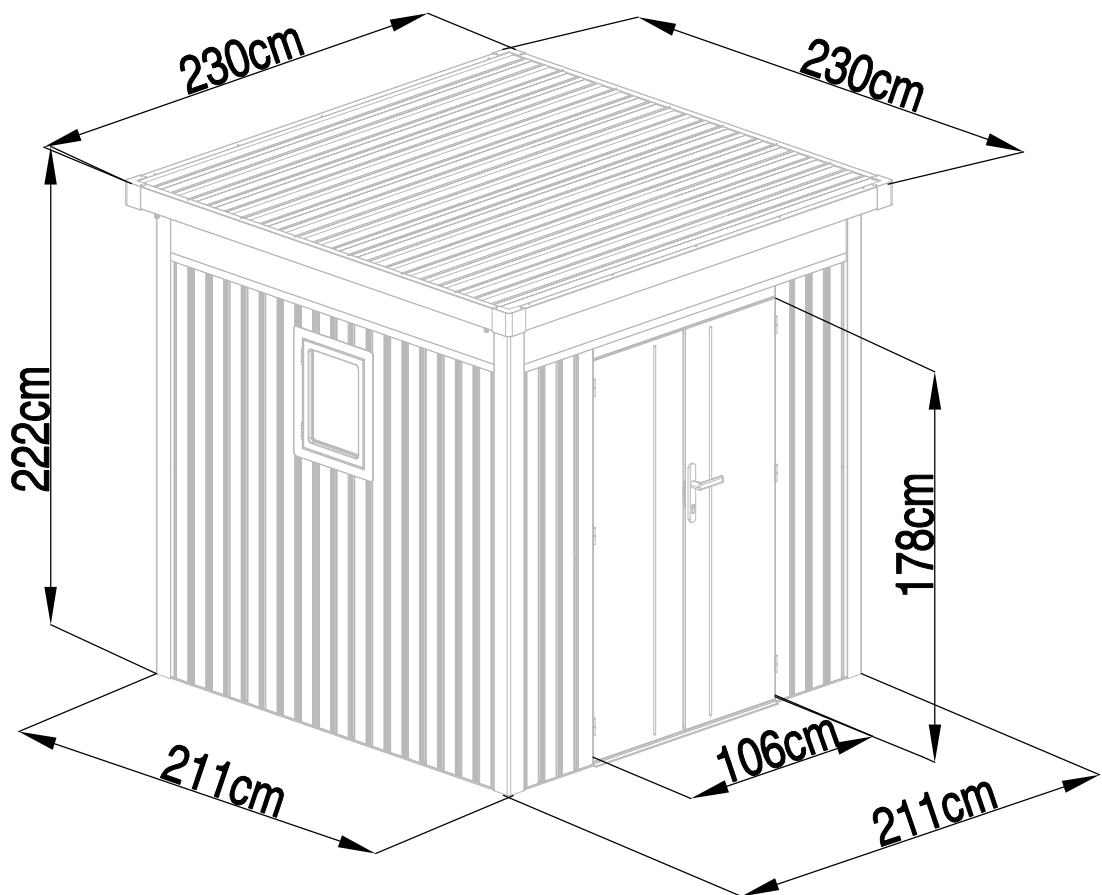

HU – Biztonsági utasítások

- Szerelés és használat előtt olvassa el teljes egészében a szerelési útmutatót, tartsa be az abban foglaltakat, és őrizze meg az útmutatót. A szerelést legalább két személy végezze megfelelő szerszámokkal és védőkesztyűben; a lemezelemek és az élek élesek lehetnek.
- A szerszámtárolót kizárólag sík, teherbíró alapra állítsa, és az alsó keretet a szerelési útmutató szerint tartósan rögzítse. Erős szélben ne végezzen szerelést, a még nem rögzített elemeket pedig biztosítsa felborulás vagy elfújás ellen.
- Minden csavarkötést teljesen húzzon meg. Rendszeresen, valamint vihar vagy erős havazás után ellenőrizze a rögzítéseket, csavarokat, tetőt, falakat, ajtókat és a stabilitást. A meglazult, deformálódott, sérült vagy korrodált alkatrészek javításáig vagy cseréjéig ne használja tovább a tárolót.
- Az ajtókat lassan és ellenőrzötten nyissa és zárja; szeles időben tartsa zárva, és biztosítsa akaratlan elmozdulás ellen.
- Ne lépjen és ne

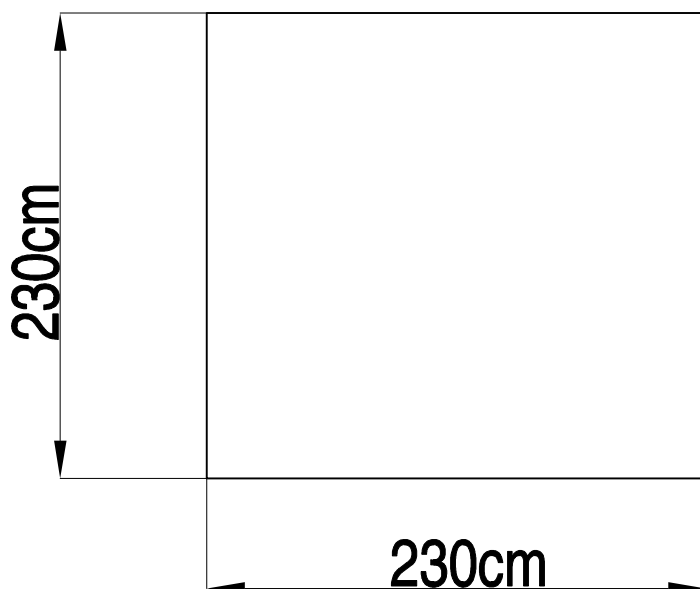

másson a tetőre vagy a falakra. A havat, jeget és leveleket időben, a tetőre lépés nélkül távolítsa el, a szellőzőnyílásokat pedig tartsa szabadon. • A használat végén a terméket és a csomagolást anyagfajtánként elkülönítve, a helyi előírások szerint ártalmatlanítsa.

RO – Instrucțiuni de siguranță

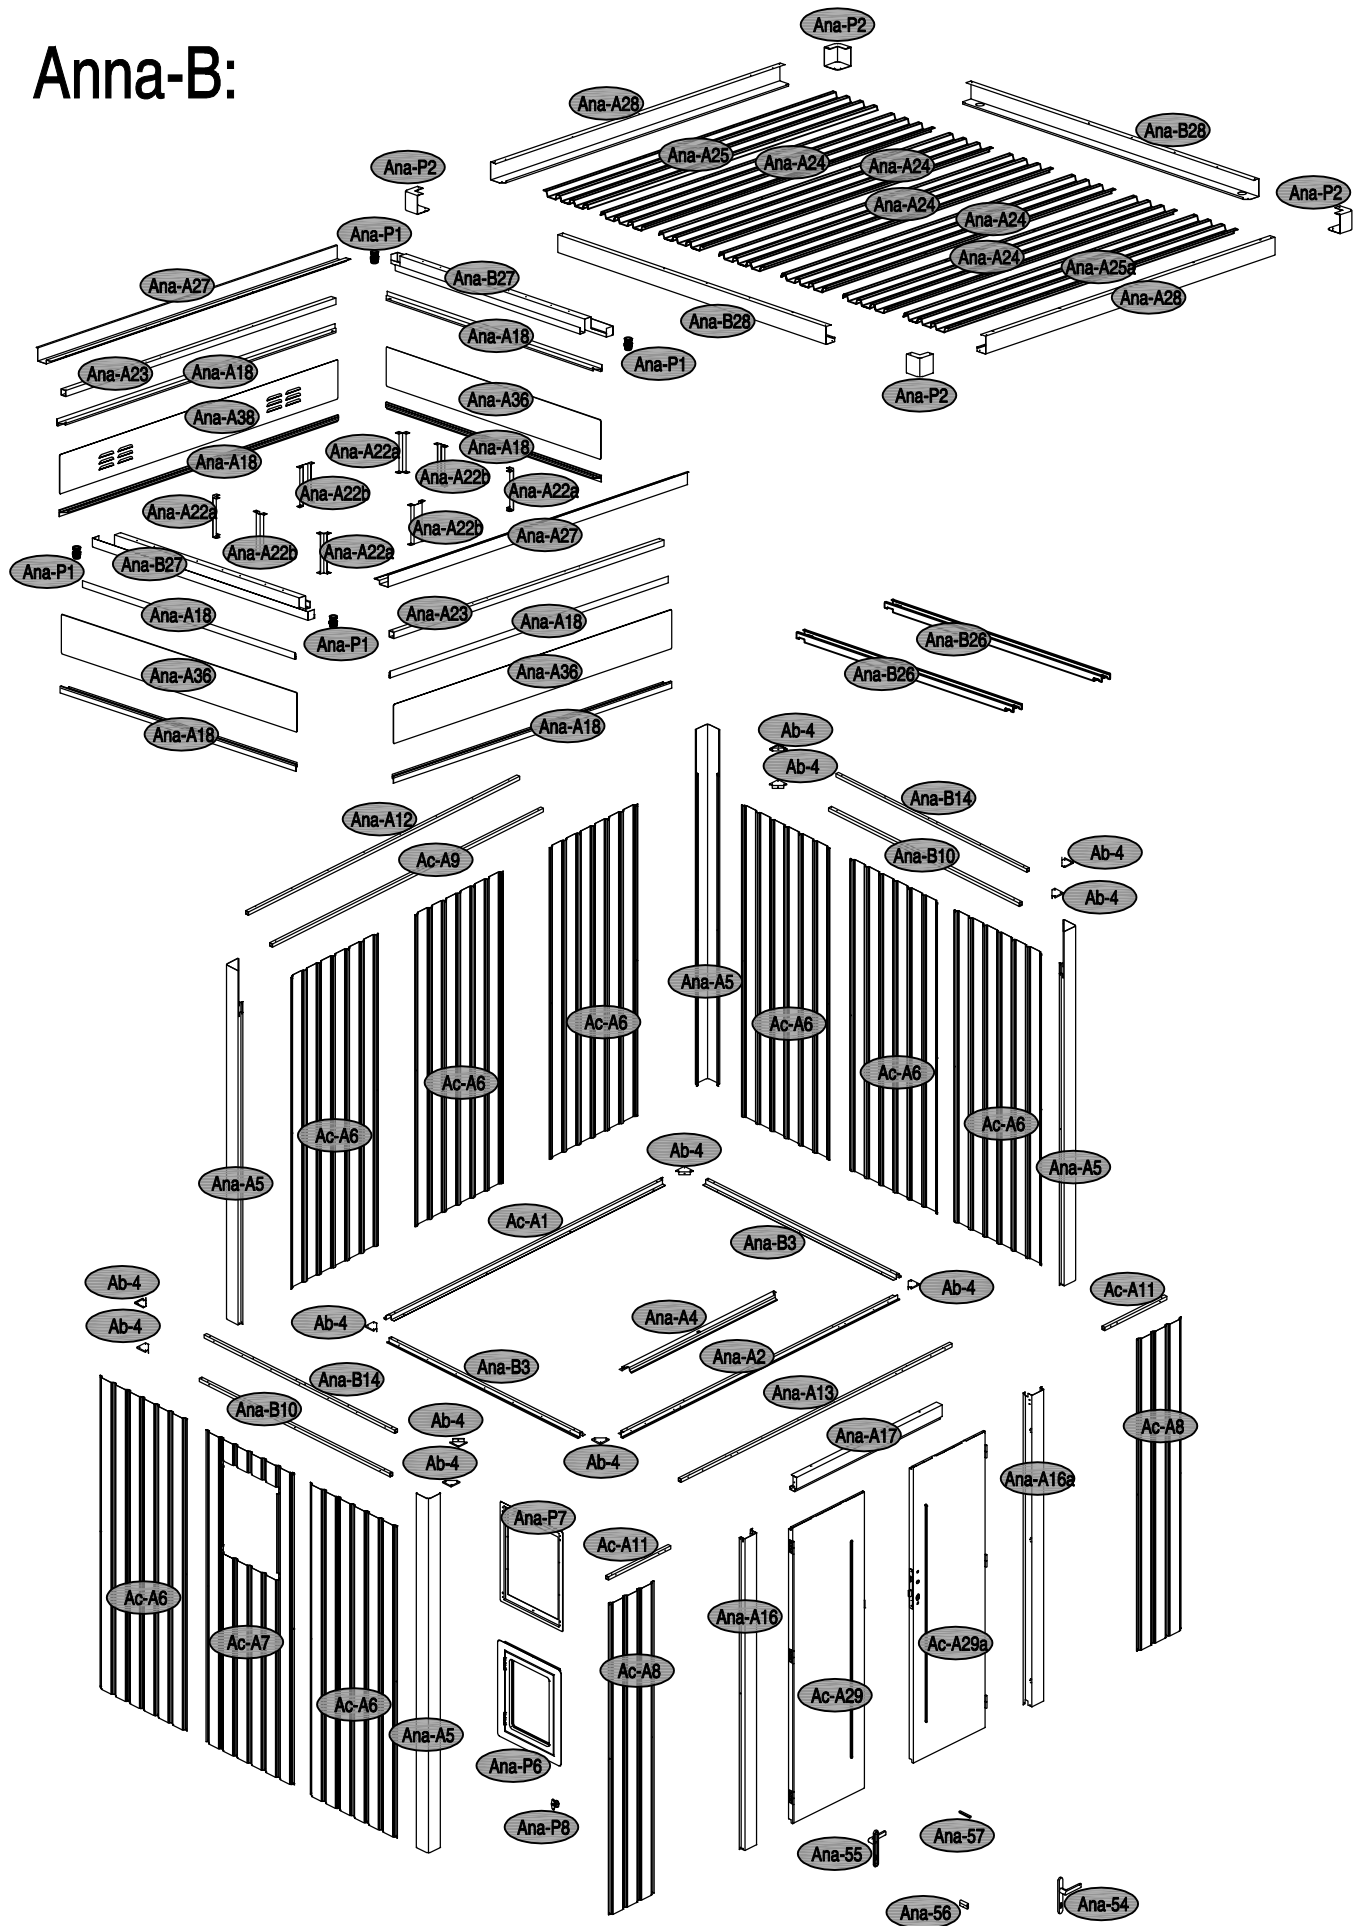

• Înainte de montare și utilizare, citiți integral instrucțiunile de montaj, respectați-le și păstrați-le. Montajul trebuie efectuat de cel puțin două persoane, folosind unelte adecvate și mănuși de protecție; piesele din tablă și muchiile pot fi ascuțite. • Instalați magazia numai pe o fundație plană și portantă și ancorați permanent cadrul de bază conform instrucțiunilor de montaj. Nu efectuați montajul pe vânt puternic și asigurați componentele nefixate împotriva răsturnării sau antrenării de vânt. • Strângeți complet toate îmbinările cu șuruburi. Verificați periodic, precum și după furtuni sau ninsori abundente, ancorările, șuruburile, acoperișul, pereții, ușile și stabilitatea. Nu utilizați din nou magazia până când piesele slăbite, deformate, deteriorate sau corodate nu au fost reparate ori înlocuite. • Deschideți și închideți ușile lent și controlat; pe timp de vânt țineți-le închise și asigurați-le împotriva mișcării neintenționate. • Nu pășiți și nu vă urcați pe acoperiș sau pereți. Îndepărtați la timp zăpada, gheața și frunzele fără a urca pe acoperiș și mențineți libere orificiile de ventilație. • La sfârșitul utilizării, eliminați produsul și ambalajul separat, în funcție de material, conform reglementărilor locale.
